

DEVOPSDAYS

CUBA ★ 2016

Bernard Grymonpon

Golden age

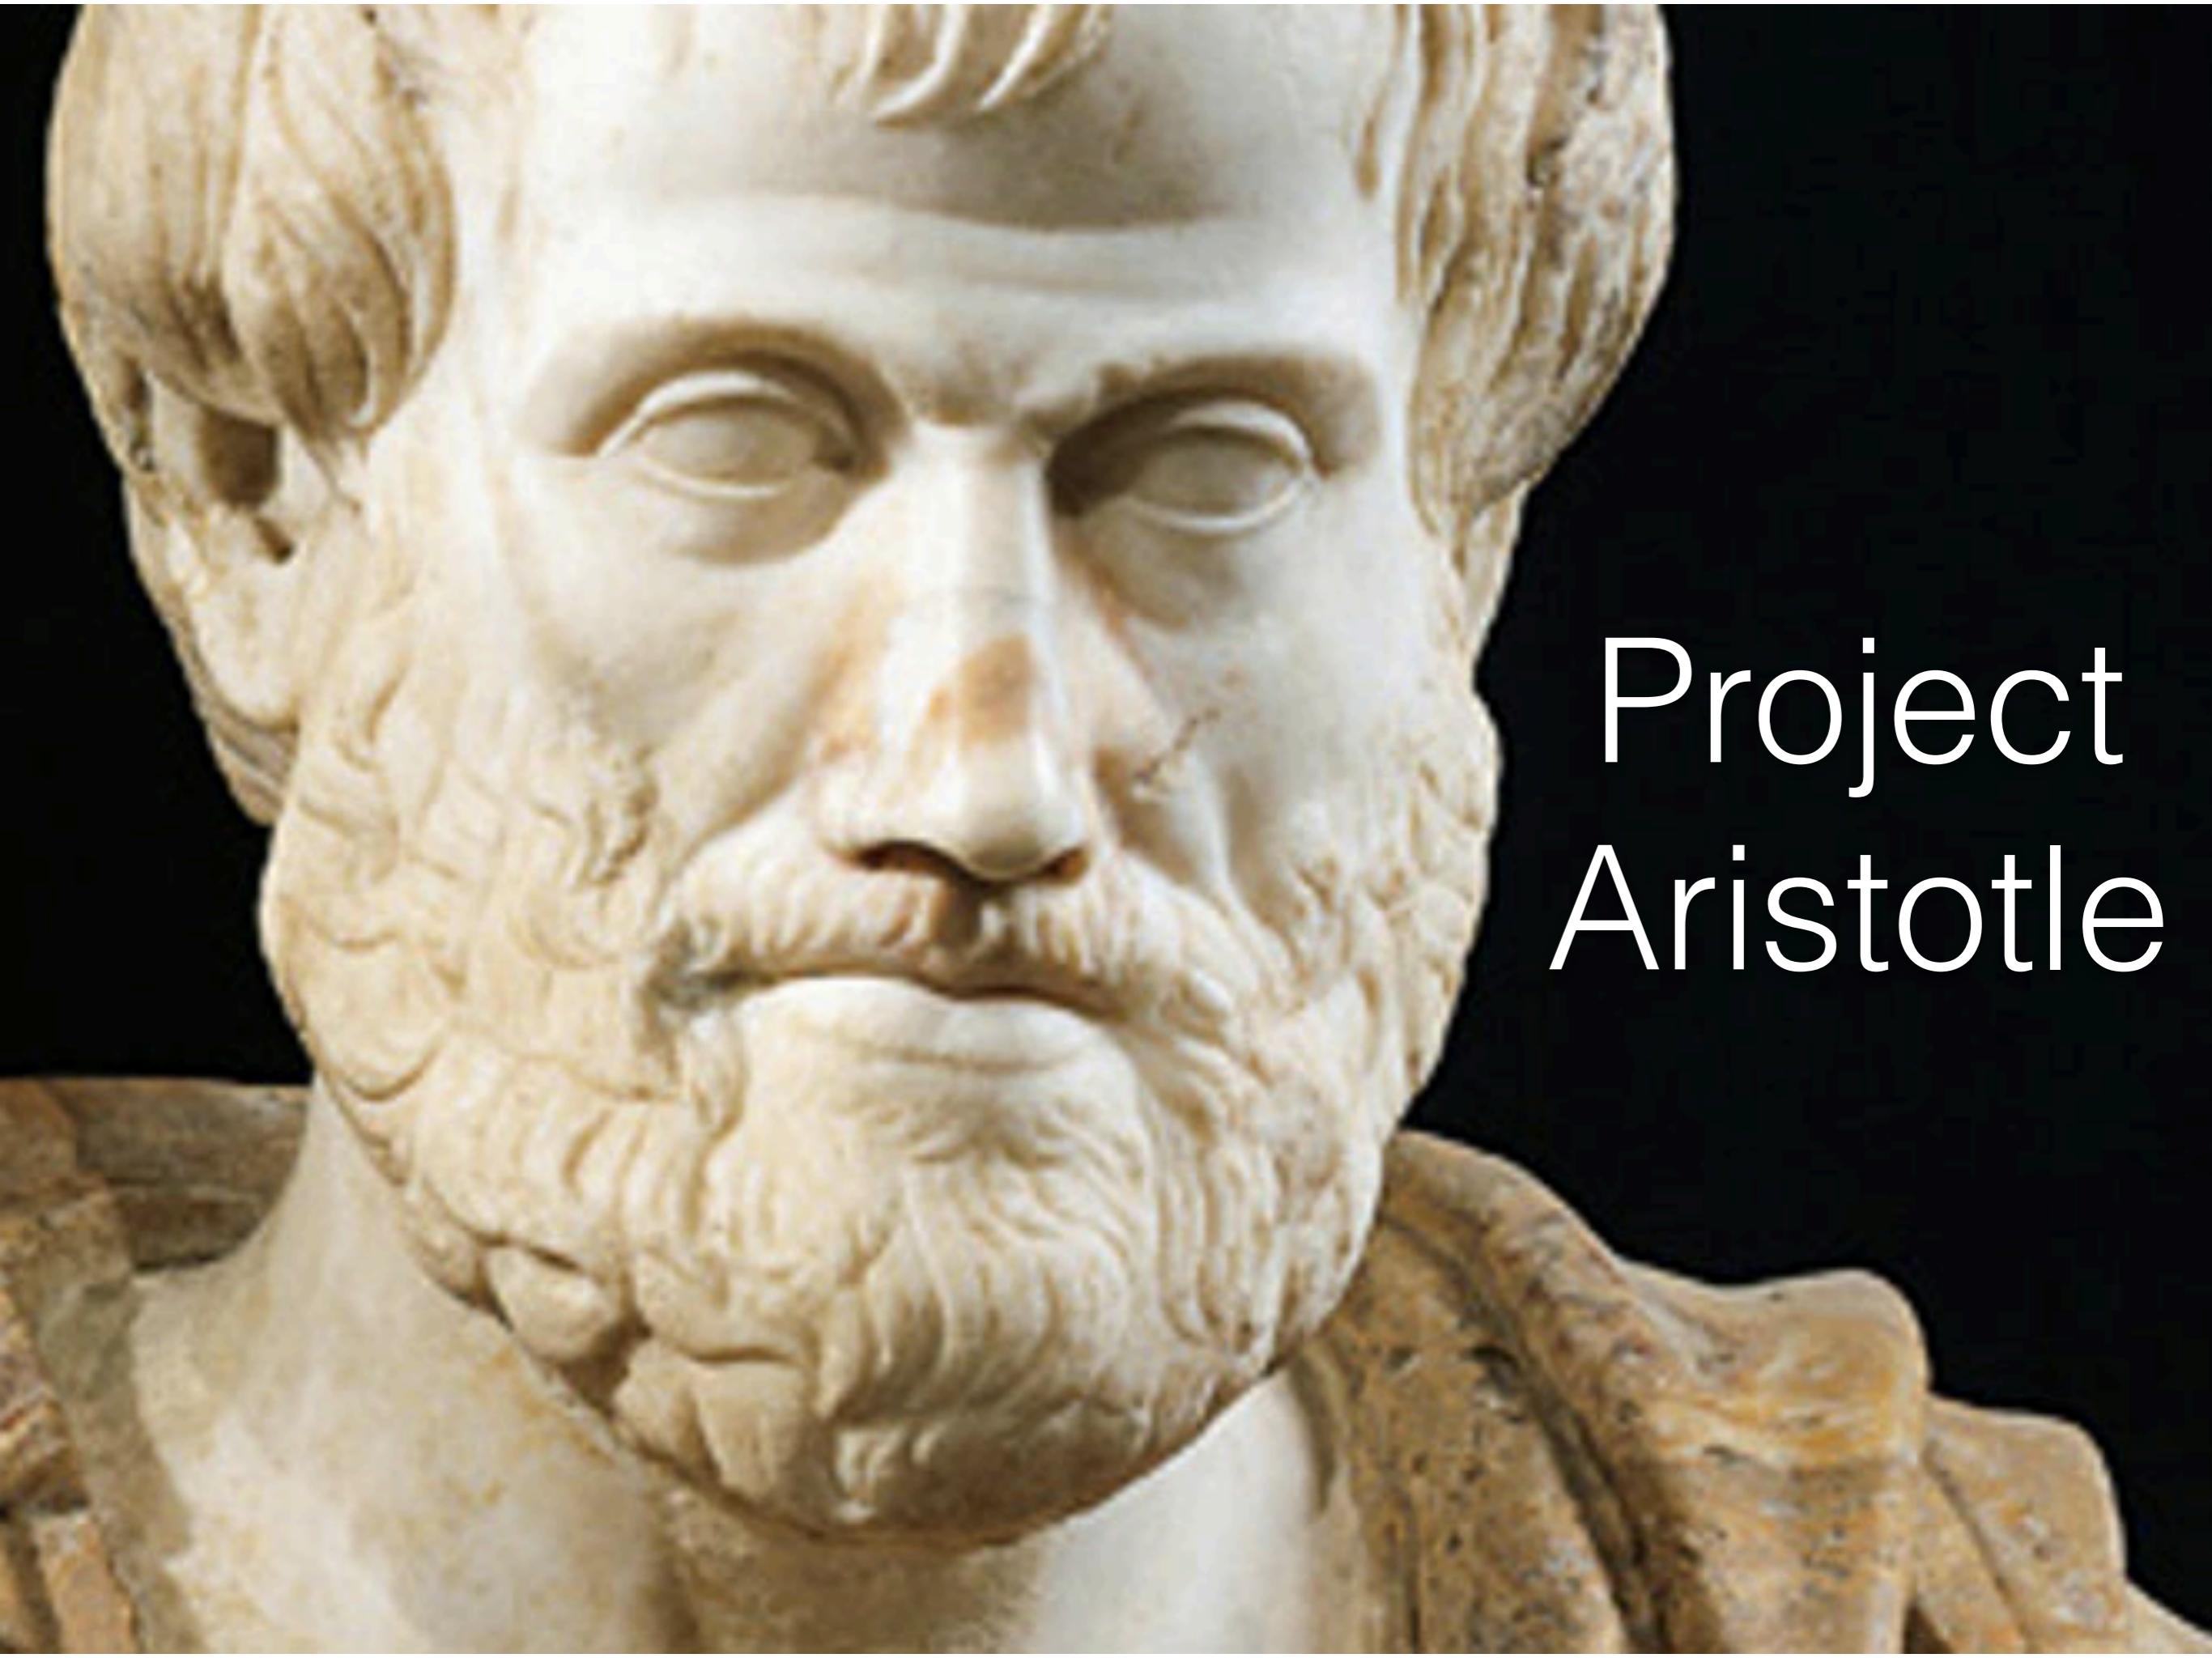

Close

A photograph of a massive, sprawling stack of books. The books are piled haphazardly, creating a complex, geometric structure. They come in various colors, including shades of blue, green, yellow, red, and black. Many of the spines feature traditional Chinese characters. The entire stack rests on a dark, textured surface, possibly a carpet or a mat.

Technology

Processes

A close-up, marble bust of the ancient Greek philosopher Aristotle. He is depicted from the chest up, wearing a detailed, textured robe. His hair is styled in a powdered manner, and he has a full, bushy beard. The lighting is soft, highlighting the contours of his face and the texture of the stone. The background is solid black, making the light-colored marble stand out.

Pitfalls

DAF

Show, don't tell: Seeing is believing

Lean back and enjoy the shows, but be careful: Going back to your former treadmill after being exposed to these movies can prove exceedingly painful. Don't say we didn't try to warn you.

```
class PostsController < Application
  # GET /posts
  # GET /posts.xml
  def index
    @posts = Post.find(:all)

    respond_to do |format|
      format.html # index.html.erb
      format.xml { render :xml =>
      format.json { render :json =
      format.atom
    end
  end
```

[Creating a weblog in 15 minutes](#)

Creating a weblog in 15 minutes with Rails 2

In 15 minutes, we go from scratch to complete weblog engine with comments, ajax, an ATOM feed, an XML and JSON API, tests, an administrative interface, and much more! We strongly advise that you sit down before starting this whirlwind tour. Your head may well be spinning at the end. Come along for the Ruby on Rails ride.

If you're interested in the history of Rails, we also still have the screencasts made for [Ruby on Rails 0.5](#) and for [Ruby on Rails 1.0](#).

A large iceberg is shown floating in the ocean. The visible portion above the water's surface is white and has sharp, jagged edges. Below the water, a massive, submerged portion of the iceberg is visible, appearing as a dark blue, textured mass. The background shows a clear sky with some light clouds.

Skills

The background of the image is a photograph of a large iceberg. The top portion of the iceberg is white and light-colored, representing the visible part above the water. The bottom portion is dark and textured, representing the submerged part. The water is a deep blue.
